

# Viewing your son's progress and assessments using Engage

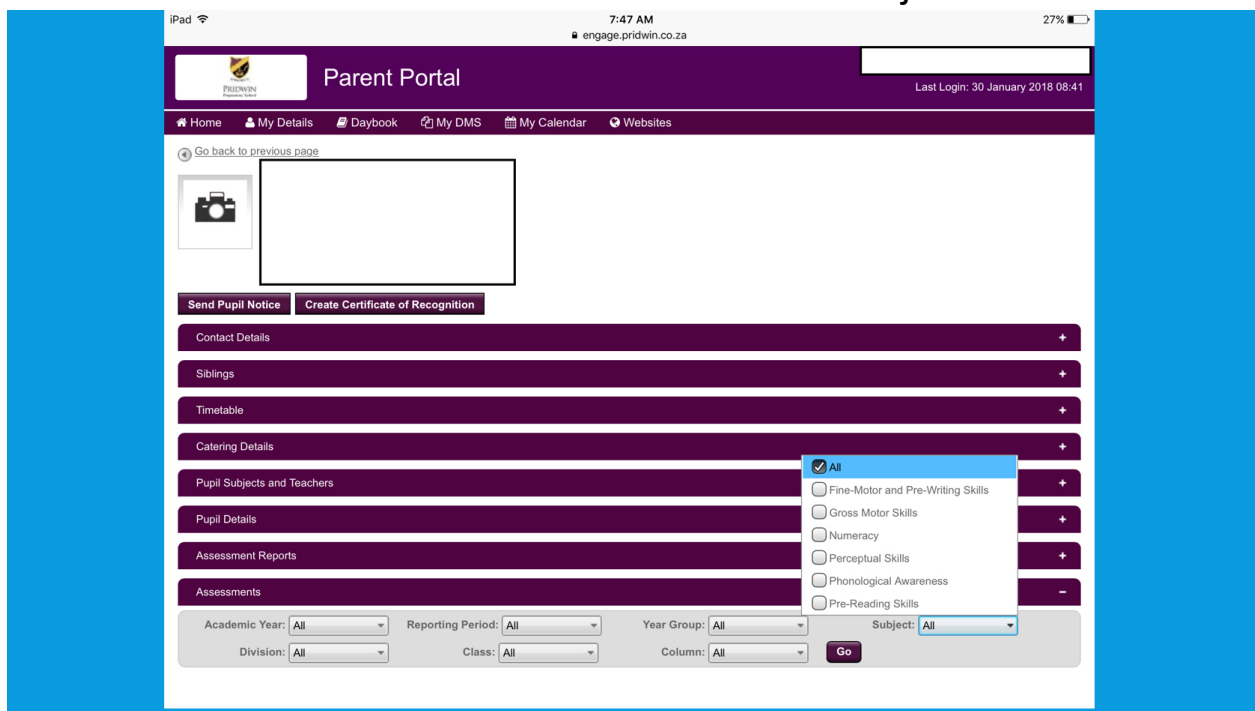

1. Log onto your Parent portal and click on the tab labelled *View details*.

2. Click on the *Assessments* tab. (End of Semester reports in June and December will be available under the *Assessment Reports* tab)

3. Select the assessment areas you would like to view from the *Subjects tab*. You can either view them all or select certain subjects to view.

4. View your son's assessments by scrolling to the right. The average detailed at the bottom is the whole class average so you will be able to gain some understanding of where your son sits in relation to his class. Please remember that all children develop academically at different paces. The teachers are constantly engaging with the assessment data, and should we notice trends of still developing, we will be in contact with you to discuss how we can work together to support your son in this area.

The screenshot shows the Engage Pridwin.co.za mobile app interface. At the top, there are menu items: Settings, Timetable, Calendar Details, Pupil Subjects and Teachers, Pupil Details, Assessment Reports, and Assessments. Below these are filter options for Academic Year, Reporting Period, Year Group, Subject, Division, Class, and Column, with a 'Go' button. An 'Export To Excel' button is also visible. The main content is a table with columns for Subject, Division, Class, Teacher, and assessment results. An orange arrow points to the 'Assessments' menu item.

We hope this clarifies how to access your child's progress on Engage. If you have any questions or need help with anything, please contact your son's class teacher.

Kind Regards,
